

## **Latest Information About the Coronavirus and Its Effect on Obsido**

Due to the globally increasing number of Covid-19 cases and after the Finnish Government declared a state of emergency and decided on additional measures to control coronavirus outbreak, we in Obsido have taken preventive actions to ensure the continuity of our operations and to protect the health and safety of our employees, clients and interest groups.

With these actions and the guidance of our business continuity plan we want to ensure the normal continuity of our service despite the exceptional circumstances.

This means that, for now, client and other external meetings will be held remotely. In addition, our staff works mainly from home as our systems and secured connections enable remote work.

We will be happy to answer your questions:
